Developing People Not Just Athletes

3/3/2015

Why Gymnastics?

Gymnastics is an extraordinary sport that develops flexibility, strength, grace, discipline, control, coordination, goal orientation, confidence, creativity, leadership, a healthy body and positive self-esteem.

What programs do you offer?

Midwest offers classes for boys and girls age 18 months - 18 years. Our programs include Preschool, Girls instructional, Boys instructional, High School, Trampoline & Tumbling, Parkour, and more.

Q: Why do you offer a free trial?

A: Midwest Gymnastics offers a free trial class to ensure your child enjoys class before enrolling. Second, for our staff to place your child in the most successful level based on their abilities.

Q: What will my child do during a free trial?

A: Your child will join a class of enrolled students so they get a 100% accurate representation of what our classes are like.

Q: How do I schedule a free trial?

A: Your free trial can be scheduled over the phone/in person with one of our front desk staff members or online after making an account through our parent portal.

Q: What should my child wear for class?

A: Athletic attire is recommended. Boys should wear well fitting shorts and t-shirt. Girls should wear a leotard if they have one, although a well fitting shirt and shorts or footless tights is also acceptable. Long hair should be secured back and please make sure to remove any jewelry or accessories before class.

Q: Does my child have to sign up for the same class as the trial?

A: While many people choose to enroll in the same class for convenience, you are not required to. Provided there is space, you can enroll in a class that meets another day or time.

Q: Do I have to wait until the next session starts before I enroll?

A: No! New customers can enroll immediately and we will pro-rate your tuition for the remainder of that session.

Q: What is the cost if I sign up?

A: Please refer to our current schedule for class pricing. An annual Registration fee of \$30 per student (family cap of \$65) is also due upon initial registration. This fee covers any classes you take between September and August of each school year. Registration fees are due each September or upon initial registration for the year.

"Gymnastics, especially in my family, is more than a sport. It's our life, its our careers, it's our family business..."

- Nastia Liukin
